

## Niko Provides Corporate Update

CALGARY, ALBERTA (November 6, 2015) – Niko Resources Ltd. (“Niko” or the “Company”)(TSX – “NKO”) announces that it has reached an agreement with the institutional lenders of its US\$340 million senior term loan facilities to further extend the dates of the previously announced third amendment to the facilities agreement and related forbearance agreement in order to provide the Company with additional time to pursue its strategic plan.

Subject to certain conditions, the key terms of the extensions are as follows:

- Extension of the waiver of certain financial covenants and undertakings until November 15, 2015;
- Restrictions until November 30, 2015 on any interest or other payments under the indenture governing the Company’s 7% senior unsecured convertible notes due December 31, 2017 (the “Notes”), and under the terms of the agreement entered into with Diamond Offshore (the “Diamond Settlement Agreement”); and
- Agreement from the lenders not to act until after November 15, 2015 on any rights or remedies arising directly from the failure by the Company to make interest payments due on the term loan on September 23, 2015.

The Company continues to pursue a strategic plan to maintain the Company’s core assets until the value of such assets can be enhanced for the benefit of the Company’s stakeholders. The Company believes it has sufficient liquidity to fund the cash requirements of its operating subsidiaries in India and Bangladesh and its corporate general and administrative expenses for the foreseeable future, provided that it receives concessions from its key stakeholders to significantly reduce the cash outflows to these stakeholders until the value of the Company’s core assets can be enhanced. These concessions are a key aspect of the strategic plan which the Company is currently negotiating with the lenders, representatives of the holders of the Notes and the parties to the Diamond Settlement Agreement. The strategic plan that the Company is pursuing will likely be subject to certain approvals by certain stakeholders and could have a significant negative impact on securityholders and other stakeholders and the value of their interests in the Company. No assurance can be made that any strategic plan can be accomplished at all or on a timely basis. The failure to effect a transaction pursuant to a strategic plan on a timely basis could prove to be unsatisfactory for stakeholders, which would likely have a material adverse impact on the value of their interest in the Company.

In complying with the terms of the third amendment to the facilities agreement, the Company will continue to be in default of interest payment obligations under the indenture governing the Notes and certain obligations under the Diamond Settlement Agreement.

Copies of the extension agreements will be filed on the Company’s SEDAR profile at [www.sedar.com](http://www.sedar.com).
